The Honorable Rosa DeLauro  
Ranking Member  
Appropriations Committee  
1036 Longworth House Office Building

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Donald Drinking Water Well Four in Fiscal Year 2027. The entity to receive funding for this project is the City of Donald located at 10710 Main Street NE, Donald, Oregon 97020.

The funding would be used for construction of the well, the associated piping and plant upgrades that will enable the well to function properly.

The project is an appropriate use of taxpayer funds because it will improve public health by ensuring access to safe drinking water, which is a primary health concern for the community. Without the project, the ability of the city to provide its community with safe drinking water will be compromised. Additionally, without the project, a development moratorium related to drinking water capacity is inevitable.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

MEMBER OF CONGRESS
